Bihar

**Subject: Request for Rescheduling of 3rd Semester Mid-Semester Examinations**

Respected Sir,

We all, the students of the 3rd semester, would like to bring to your kind attention that the current schedule of the mid-semester examinations is too hectic. Multiple exams are being conducted on the same day, making it very difficult for us to prepare properly for each subject.

In such a situation, we fear that our performance in the examinations will be badly affected, and many students might face year-back issues. Therefore, we kindly request you to reschedule the mid-semester examinations and conduct only one exam per day.

This adjustment will help all students to prepare better and give their best in the exams.

We hope for your kind consideration and a favorable response.

Thanking you,

Yours sincerely,

Students of 2K23 Batch

3rd Semester

Government Engineering College, West Champaran
